P-9943
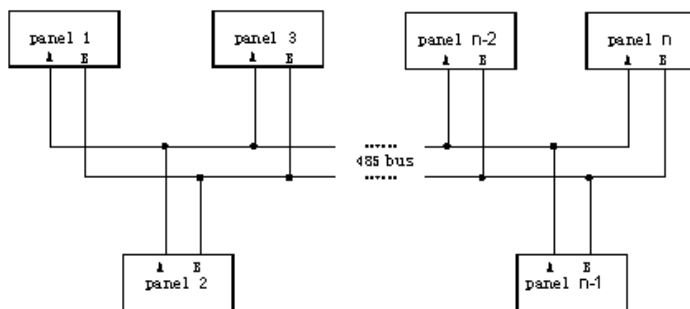

RS485 Network Card

P-9943 network card provides RS485 Class B network connection to GST100 panel. All panels are connected in peer to peer topology. Each panel node will take an individual address.
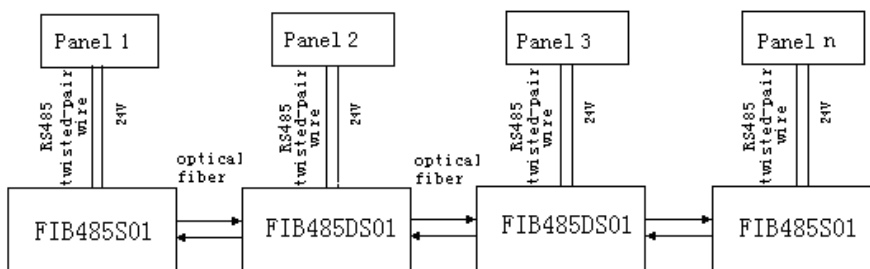

Technical Specification

- Compatible Panel: GST100 panel
- Communication Protocol: RS485
- Baud Rate: 4800
- Network capacity: 32
- Cable Requirement: Minimum 1.0 mm^2 Fire Cable
- Communication Distance: 1200 meters

Typical Connection

Electrical Cable Connection

Fiber-Optic Cable Connection
